Munich, Mai 14<sup>th</sup>, 2018

### **Laurenz Czempiel to speak at BAI AIC 2018 on May 16**

#### **On Wednesday in Frankfurt: Ventusolar CIO to highlight investment options for institutional investors**

Munich/Frankfurt. Prof. Laurenz Czempiel, Managing Director and CIO of Munich-based Ventusolar Global Capital GmbH, is set to appear at a panel discussion on investment opportunities for institutional investors on May 16. There he will be representing his company's two renewable energy funds concentrated around wind and photovoltaic systems based primarily in Canada. Together with other experts, including Ulfar Mölk, Head of Portfolio Management of the Luxembourg-based LRI Group and fund manager of the Ventusolar Green Energy Funds, Czempiel will discuss tailored advisory and structuring solutions in the area of Real Assets/RAIF.

Focusing on alternative investments, BAI AIC takes place in Frankfurt am Main on May 16 and 17. It is considered a key networking hub for the alternative investment (AI) sector in Germany, presenting institutional investors as well as providers, supervisors and service providers with an opportunity to exchange information on the latest developments in the AI sector.

#### **About Dr. Laurenz Czempiel:**

Prof. Dr. Laurenz Czempiel studied economics at the University of California, Santa Barbara as well as at LMU in Munich, where he received his Ph.D. on political risks in foreign exchange markets. As an economics assistant, he taught courses in macroeconomics, money, credit and currency. Prof. Czempiel worked as a financial consultant at the Merrill Lynch International Private Banking Group and joined Reuschel & Co Privatbankiers in 1996 as head of Family Office.
